

# PLAY AND LEARN CENTERS

At Fresno Play and Learn Centers, you can learn ways to support the development of the babies and young children you love.

If you're a parent or other caregiver of a child age 6 weeks to 5 years, come for a visit. Services are free — and fun!

- Workshops, tools and resources
- Toy and book lending library
- Play and learn groups with dramatic play, music, art and more

*"In the workshops, we share ideas for dealing with the challenges of caring for our young ones, and we get support. The Play and Learn Center helped me build a community."*

Brains and bodies develop rapidly in the first three years of life.

All adults in a child's life can nurture and engage children in ways that help them learn and grow.
